CIRCULAR

This is to bring to the notice of all concerned that despite repeated directions from the Competent Authority, it is observed that some fields are not in a presentable condition even after agricultural workers are provided for weeding / inter cultural operations for the last 10 days. This reflects casual approach from the concerned technicals and this has been viewed seriously by the Competent Authority. At any time, the high level dignitaries may visit the experimental field, in view of the above, once again it is hereby notified that all the fields, farms, laboratories and offices should be kept in a presentable condition. The field should be free from weeds and also with Experiment, replication and treatment boards. Any adverse remarks from the visiting dignitaries due to improper field shall be fixed as personal responsibility if fields are not in presentable form.

This issues with the approval of the Competent Authority.
